Equipped for Life

MOUNTYCHURCH

"When you hope, be joyful. When you suffer, be patient. When you pray, be faithful." Rom. 12:12

"Therefore, as we have opportunity, let us do good to all people, especially to those who belong to the family of believers." Gal. 6:10

Connecting

'Equipped for Life' aims to grow mature disciples of Christ who are equipped with liberating truth practically in their homes, businesses, community groups, and church. This ministry also has the aim of being a tool that reaches unbelievers at their source of need with healing truth.

Discovering God

"As someone new to MountyChurch I found attending the Alpha course to be an extremely valuable experience. The weekly testimonies were inspiring. The video presentations thought provoking and entertaining. The small discussion groups were a fantastic forum to analyze the week's topic together and in depth. I would strongly recommend the Alpha course to anyone wanting to explore the many aspects of Christian faith."

Real Impact

"Even after 18 years of learning God's word ... this course was a great refresher. Because God's word is alive, there is always more to learn with much immediate and lasting impact. The best part of the course was the group discussions afterwards where friendships were made and strengthened on a deeper understanding of God. I have grown in grace, patience, empathy and love."

Going Deeper

"I really enjoyed the Search for Life course as it provided me with tools that I can use in everyday life. It strengthened my relationship with God, and I really enjoyed being able to share and learn about others in a small, caring and supportive environment. I really value the friendships I have made during this course."

Transforming

Practical Change

"Surprisingly the benefits of this course extended beyond the relationship with my wife to improving my relationship with Christ. It was great learning about what it means to love like Christ, in honesty and truth."

Participating in Valiant Man helped me to see that other men had similar kinds of battles and frustrations, and enabled me to more freely express my own situation and get the kind of accountability which gave us very real mutual support. Some of the other specifics I learnt were about commitment, consistency, fidelity and having fun in relationships. It was a great course."
